Twenty million unsafe abortions are performed each year, 90% of which occur in the developing world. Even in countries such as China, where abortion is fully accessible in practice as well as in theory, our understanding of the phenomenon is very partial. Abortion in the Developing World t editors Axel I. Mundigo Cynthia Indriso " ~ World Health Organization ~ Vlstaar Publications (A divISION of sage Publications India Pvt Ltd). These promises, if kept, will go a long way toward also reducing the number of abortions that take place each year in the developing world, but they cannot make the reality of abortion go away. Twenty million unsafe abortions are performed each year, 90% of which occur in the developing world. In many countries, abortion is still illegal; in others a variety of cultural barriers force women to seek out underground abortions. Oct 03, · Of the 56 million annual abortions performed around the world, nearly half, or 25 million, posed some threat to the health or life of the woman. The vast majority of unsafe abortions .

Abortion in the Developing World was funded by the WHO to discover why, in spite of the serious risks involved, women still resort to abortion even in those countries where adequate family planning services provide contraceptive facilities. The book also aims to understand how abortion and contraception behaviour are related. Canada and Sweden believe it is their progressive duty to civilize the developing world by foisting abortion upon it.
