This is the first in a series but we are not left with a complete cliffhanger, but you're hooked and will definitely want to follow the Callahan's and watch how their lives unfold. Well written with a great story line and interesting characters. Chris said: This was an interesting series that I liked but didn't love. Enjoy this new mafia romance series. 5 full length books bundled together for the first time. NO CLIFFHANGERS, guaranteed. More than 1, pages. 1. BRIAN I purchased this book in error, mafia stories are not the type I /5. Brian showed me around the office, introducing me to the secretaries and executives he worked with on a daily basis. I wasn't officially his assistant until Monday morning, but he was so obviously in need of help now.

It's a little repetitive some of the stories in each book, but it kept me up to date on what happened in the past. I love family sagas and their characters and life, it's like mine without the mafia and guns, always intrigued me life inside a mafia family.
